Set College Night At Hornell School

Hornell High School will host its second annual College Night Sept. 28 from 7 to 9 p.m. in the school gym.

The school guidance staff encourages parents and students of senior high level to begin searching for a higher level of education and to investigate all avenues of financing. Many possibilities exist, but it takes time to research it. College representatives are anxious to meet students and parents who are interested in higher education and how they may be of future assistance. The program is an excellent opportunity to talk with college representatives, officials said.
